

Creaney Primary has a rich history and reputation as a forward thinking school that supports student *achievement* and *excellence*. Our school vision is to be part of a community which develops a child who is motivated to reach their potential academically, socially and responsibly, in a caring and supportive environment.

## **Community Achievement Respect Excellence**

The strong partnership we have with our *parents* and *school* ensures that we all work together to build and maintain a safe and secure learning environment that provides the opportunities for our students to learn and to be *successful*. A dedicated team of teaching, leadership and school support staff work toward achieving the shared core values and the school vision.

The aim of the FUNdraising committee is to raise funds for the school so they can be allocated to support student learning and achievement.

**We are currently seeking sponsorship for 2017 and we would like to offer you the opportunity to support Creaney Primary School. Our school community actively supports businesses and organisations who demonstrate their generosity toward our school. These businesses and organisations receive ongoing acknowledgement throughout the year which increases their exposure to the community and marketing potential.**
