WELCOME TO CREANEY PRIMARY SCHOOL

INTRODUCTION

'Caring' is our school motto and this forms the foundation for creating a school culture that is focused on students becoming valuable members of our society.

Creaney Primary School's priority is to provide a balanced curriculum that caters for a student's academic, physical, social and emotional needs. We aim to provide the necessary knowledge, skills and understanding required for students to reach their potential, not only in academic areas but their development as a whole.

We have an experienced and dedicated team of staff who work towards achieving the school vision and targets as outlined in the school Business Plan 2024-2026.

Building and maintaining positive relationships across our school community is very important to all of us because we know that it's these relationships that will form the foundations to learning and future success.

We work together with parents/guardians, school groups, such as the School Board and P&C, and the wider school community to ensure the best opportunities for our students.

Our school's focus on Visible Learning ensures students develop the skills to be in charge of their own learning and develop the learner dispositions: persistence, resilience, self-direction, reflection and inquisitiveness.

At Creaney Primary School, our students learn life skills such as acceptance, tolerance and empathy first hand as we share our school campus with the Creaney Education Support Centre. Students attending the Education Support Centre integrate into the primary school program and this partnership allows us to learn from each other through coordinated integration programs.

STUDENT BEHAVIOUR AND ENGAGEMENT

At Creaney Primary School, we are committed to providing a safe, supportive and engaging learning environment where every child can succeed. Our Positive Behaviour Support (PBS) approach underpins this commitment by clearly teaching and reinforcing the behaviours we expect from all students.

Our school-wide expectations — **Respectful, Responsible and Engaged** — guide everything we do. These expectations are detailed in our PBS Matrix and provide a consistent framework for behaviour across all areas of the school.

Each fortnight, we share a focus expectation with families to strengthen the partnership between home and school. By using consistent language and maintaining clear expectations, we help students understand what positive behaviour looks like in different settings. Students learn these behaviours through explicit teaching, staff modelling and regular opportunities to practise them in authentic situations.

Positive choices are recognised and celebrated. Students receive PBS tokens which contribute towards classroom and whole-school rewards. This system encourages positive behaviour and supports the development of a strong, respectful school culture.

When challenges arise, our staff are equipped to respond calmly and consistently. Minor behaviours are managed within the classroom setting, and where necessary, our Behaviour Referral Process is used to address concerns in a fair and respectful manner. Our focus is always on minimising disruption to learning and supporting students to reflect, learn and make positive choices moving forward.

Our PBS journey continues to evolve as we embed these expectations into everyday practice, ensuring that Creaney Primary School remains a place where every child feels valued, supported and motivated to achieve their personal best.

These services are provided free of charge and are available via referral. Students are typically referred to the School Psychologist by their classroom teacher, or the Deputy Principal.

Parents may also request an appointment to discuss concerns regarding their child's development, behaviour, or academic progress. Parent enquiries should be made through the Deputy Principal, who will facilitate the referral process.

SCHOOL NURSE

Our school Community Health Nurse is employed by the North Metro Health Service. They will conduct full health appraisals for Kindergarten children during the year. For any vision or hearing concerns, parents can request a referral through their classroom teacher.

CHRONIC OR SERIOUS HEALTH PROBLEMS

At enrolment, parents complete a Student Health Care Summary. If a child has a specific health condition (e.g., asthma, diabetes, severe allergies, heart conditions), a relevant Emergency Action Plan will be provided for completion with your GP. These plans must be updated each year, and for students who require medication, parents must ensure the school has an adequate supply of the required medication at all times.

SHORT TERM MEDICATION

One-off medications, such as antibiotics, must be provided in their original packaging and clearly labelled with the child's name, dosage, storage requirements, and method of administration. A relevant form will be generated for parents to complete before any medication can be administered at school.

Medication is stored and administered as follows:

- Kindergarten and Pre-primary: through the classroom
- Years 1–6: through the school office

Parents may come to school to administer medication to their child without written permission; however, they must sign in at the school office.

RESTRICTED/LONG TERM MEDICATION

For restricted medications, such as ADHD medication, parents are required to provide a letter from the child's Paediatrician outlining the prescribed medication and correct dosage. A Form 2 – Generic Health Care Plan will then be generated for parents to complete.

Please see the school office for further details.

HEALTH/INFECTIOUS DISEASES

Under Public Health regulations, children with Chickenpox, Mumps, Measles/Rubella, Trachoma, Ringworm, H1N1 (Swine Flu), or Impetigo (School Sores) must be excluded from school. Children at school who are suspected of having an infectious disease will need to be collected by a parent or carer.

If head lice are detected, the school will contact parents. Please also inform us if you find head lice at home so we can notify the classroom teacher.

For further information, please contact the school office.
